

Keeping your pet safe is an uphill battle. That's why it is so important to strengthen your pet's immune system every day with **NuVet Plus**®.

From Puppy through Adulthood...

Why Strengthen Your Pet's Immune System every day?

To Help Shield It From All This...

Backyard pesticides, fertilizers, bacteria, and viruses that attack your pet's immune system;

Carpets backing, which contains formaldehyde, toluene, benzene, xylene, styrene (Pregnant women are warned to avoid new carpets; but your pet buries his nose in it every day); **also toxins are brought in on everyone's shoes** (pesticides, lawn fertilizer, bacteria, viruses);

Pet Foods, most contain hormones, pesticides, meat by-products, preservatives, grain and corn (major sources of allergies);

Household Toxins (floor cleaners, bug killers, phthalates in air freshener, household mold);

Pet Treats loaded with sugars and fillers, they promote diabetes and liver problems in pets;

Mouth Toxins – 80% of dogs and 70% of cats have periodontal disease by age three, dumping toxins into their bloodstream;

Seasonal Problems (allergies, dry skin).
